Director and Health Officer

SUBJECT: **USE OF SOLE SOURCE AGREEMENTS TO PROVIDE CALIFORNIA WORK OPPORTUNITIES AND RESPONSIBILITY TO KIDS SUBSTANCE ABUSE TREATMENT PROGRAM SERVICES**

This is to inform you that the Department of Public Health intends to enter into two sole source agreements with agencies to provide substance abuse treatment services for California Work Opportunities and Responsibility to Kids (CalWORKs) clients. The requested actions are: 1) enter into sole source agreements with Tarzana Treatment Center (TTC) and Behavioral Health Services (BHS) to provide CalWORKs residential detox services (RDTX); and 2) continue to fund two CalWORKs special pilot projects with nine providers.

Justification

On September 14, 2010, the Department of Public Health (DPH) Substance Abuse Prevention and Control (SAPC) released a Request for Proposals (RFP) to provide substance abuse services for California Work Opportunities and Responsibilities to Kids (CalWORKs) clients to help them become employment ready under the County's Welfare-to-Work program. On March 18, 2011, based on the results of the RFP, DPH selected 11 lead agencies (or consortiums) to provide a continuum of alcohol and drug services (Attachment A). Approval of these new agreements is scheduled for the Board agenda of August 30, 2011.

Under the RFP, proposers were required to identify a provider they can contract with to provide their CalWORKs clients RDTX services. Based on the proposals, TTC and BHS were identified as the only agencies that provide these services. Due to the availability of just two providers, DPH will request sole source agreements with TTC and BHS to allow the lead agencies to access RDTX with TTC and BHS through a Memorandum of Understanding (MOU).

Each Supervisor

Page 2

On August 1, 2009, in collaboration with the departments of Public Social Services and Mental Health, DPH contracted with agencies to participate in two special projects--Homeless CalWORKs Families Project and Asian Pacific Islander Targeted Outreach (Attachment B). In order to continue these projects without interruption, DPH will request six sole source agreements for HCFP and three sole source agreements for API.

If you have any questions or need additional information, please let me know.
